**DIRECTIONS FOR USE:** USE ONLY AS DIRECTED

- Apply **JONGBOOM A** as a high volume foliar spray either in the early morning or late afternoon. Do not spray when temperatures exceed 30°C or onto wilted or stressed plants as this can result in reduced uptake.
- Always do a compatibility test before using **JONGBOOM A** in combination with pesticides, especially prior to large-scale spray applications.
- Do not mix with lime sulphur or Bordeaux mixture.
- Do not use a buffer or acidifying agent in combination with **JONGBOOM A**.
- The use of a suitable wetter is advised.

**RECOMMENDATIONS:**

<table>
