# WARNINGS.

- Observe any warnings that apply to the product or products with which INTELI-BUFF 5 is to be used
- Do NOT use **INTELI-BUFF 5** with remedies that require an alkaline environment (pH > 7).

# DISCLAIMER

Although this remedy has been extensively tested under a large variety of conditions the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal climatic and storage conditions, quality of dilution water, compatibility with other substances not indicated on the label as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, the environment USE RESTRICTIONS: or harm to man or animals or for lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions, which could not have been foreseen in terms of registration. Consult the supplier in the event of any uncertainty.

# PRECAUTIONS

- If medical advice is needed, have container or label at hand
- Keen out of reach of children
- Read carefully and follow all instructions.
- Wash affected area thoroughly after handling.
- Avoid release to the environment.
- Wear safety goggles and face shield when handling this product.
- If skin irritation occurs, get medical help.
- IF IN EYES, rinse cautiously for several minutes, Remove contact lenses, if present and **GENERAL NOTES**: easy to do. Continue rinsing.
- Empty all pesticides from the container by placing it upside down over the spray tank and holding it there for at least 30 seconds. Puncture the rinsed container to render it useless and send to a recycler.

# SYMPTOMS OF HUMAN POISONING-

Causes redness, pain and irritation to the eyes and skin, Inhalation and ingestion may result in the development of nausea, vomiting, diarrhoea and gastric distress.

# RELEVANT SUBSTANCES:

This product contains Citric acid > 10% and Alcohol ethoxylate > 10%

# RELEVANT SUBSTANCES:

Causes redness, pain and irritation to the eyes and skin. Inhalation and ingestion may result in the development of nausea, vomiting, diarrhea and gastric distress.

# FIRST AID TREATMENT:

### Inhalation-

Remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen. Keep person at rest and warm. Treat symptomatically and supportively as and when required. Obtain medical advice if necessary.

# Ingestion:

Have victim rinse mouth thoroughly with water. Give 1/2 to one glass of water to dilute the material if victim is alert and not convulsing. Do NOT induce vomiting. If spontaneous vomiting occurs, have victim lean forward with head down to avoid breathing in of vomits, rinse mouth and administer more water. Never give anything by mouth to an unconscious person. Qualified medical personnel should perform administration of oxygen. Seek medical advice immediately.

### Skin Contact-

Remove any contaminated clothing. Wash skin with water for at least 15 minutes. Get medical attention if irritation develops or persists. Wash clothing before re-use. Do NOT rub skin hard.

# Fve Contact:

Immediately flush eyes with lukewarm water or saline solution for at least 15 minutes, lifting lower and upper evelids occasionally. Get medical attention immediately.

# NOTE TO PHYSICIAN-

Treat symptomatically.

The use of INTELI-BUFF 5 in spray mixtures on plants grown in enclosed structures (e.g. Greenhouses / hothouses) may cause phytotoxic injury to the plants due to a thinner cuticle layer on the foliage under the higher humidity conditions, as well as a longer drying time of droplets under higher humidity levels

It is recommended that AQUA-RIGHT 5 ELITE (L10076), Rolfes Agri Ptv Ltd which was developed for these conditions, be used in enclosed structure plant production scenarios.

DIRECTIONS FOR USE: Use only as directed.

# MIXING INSTRUCTIONS:

Mix INTELI-BUFF 5 with the spray tank water before adding any other agricultural remedies.

INTELI-BUFF 5 contains an organic buffering system that when applied correctly will buffer the majority of spray solutions to a pH of between a pH of 4.5 - 5.5 depending on the quality of the

INTELI-BUFF 5 contains a wetting agent and humectants.

#### RECOMMENDED.

INTELI-BUFF 5 is for use with those agricultural remedies that require an acidic environment to achieve optimum results.

pH of Water	Dosage rate (mℓ / 100 ℓ water)
6 - 7	50 – 75
7 - 8	75 - 100
> 8	150 - 250

Application rate may be affected by water quality. It is advisable to routinely check the pH of the spray tank water before and after the incorporation of INTELI-BUFF 5.

AQUA-RIGHT® 5 ELITE (Buffering systems, wetting agent) L10076 Act No. 36 of 1947, registered by Rolfes Agri Pty (Ltd).
