PRECAUTIONS:

- Store in a cool, dry place and out of direct sunlight.
- Do not store near pesticides.
- Keep out of reach of children, uninformed persons and animals.
- Wash hands with soap and water after handling this product.
- Storage must be in such a manner that the product does not get wet, if it gets wet it will start to dissolve.

DIRECTIONS FOR USE: Use only as directed.

- Product can be used in-combination with other fertilizers.
- Spread the pellets under the tree canopy, but not directly against the stem of the tree.
- Use the application rates in the table below as a guide only.
- The optimal rates are determined by soil fertility and soil type as well as crop type and canopy size.
- Use leaf and soil analysis as guidelines to determine the application rate since the canopy of the tree enlarges as the tree gets older.
