Aqua-Right®

Reg. No. N-AR 1824 Act No. 36 of 1947
Reg. No. L6895 Act No. 36 of 1947

A water soluble buffering and non-ionic wetting agent for specific use with agricultural chemicals whose optimal performance in spray water requires a neutral pH. Also contains a humectant.

Active Ingredient:
Buffering system 381 g/ℓ
Alkyl polyglucoside 86 g/ℓ

IN CASE OF POISONING PLEASE PHONE 082 466 8946
UN NO.: 2672
AQUA RIGHT® IS A REGISTERED TRADEMARK OF ROLFES AGRI (PTY) LTD.
SEE CONTAINER FOR BATCH DETAILS
COUNTRY OF ORIGIN: REPUBLIC OF SOUTH AFRICA
VERSION ROLFES AGRI: 01/2019

Registered, Manufactured and Distributed by:
Rolfes Agri (Pty) Ltd.

SHAKE WELL. Shake well before use. Store at room temperature. Keep container closed when not in use.
• **AQUA-RIGHT® 7** contains an organic buffer system that when applied correctly will buffer the majority of spray solutions between a pH of 6.5 and 7.2 depending on water quality.

• **AQUA-RIGHT® 7** contains a wetting agent which improves the wetting, spreading and contact of the remedy on the sprayed plant surface.

• **AQUA-RIGHT® 7** helps prevent the rapid degradation of alkaline and acid sensitive remedies.

• **AQUA-RIGHT® 7** retards rate of evaporation and improves the re-wetting of spray deposits.

**WARNINGS:**

- May be harmful if swallowed.
- Causes irritation to the skin, eyes and respiratory tract.
- Observe any warnings that apply to the product or products with which **AQUA-RIGHT® 7** is to be used.
- Do NOT use **AQUA-RIGHT® 7** with remedies that require an alkaline or acidic environment (pH > 7 or pH < 6).
- Keep out of reach of children, uninformed persons and animals.
- Store in a cool place away from food and feed.

Although this remedy has been extensively tested under a large variety of conditions, the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal, climatic and storage conditions, quality of dilution water, compatibility with other substances not indicated on the label, as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crops, vegetation, the environment or harm to man or animals or for lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of registration. Consult the supplier in the event of any uncertainty.

**PRECAUTIONS:**

- Avoid prolonged contact with concentrated product.
- In case of contact with eyes, flush immediately with water for at least 10 minutes.
- In the case of skin contact, wash affected area with soap and water.
- Rinse the container three times. For each rinse add clean water, to the volume of a quarter of the container, close the cap and agitate or shake well. Decant the rinse water into the spray tank.
- Puncture the container. Keep caps separate and hand over to one of the CropLife South Africa approved collectors or recyclers.
- Prevent contamination of food, feeds, drinking water and eating utensils.

**DIRECTIONS FOR USE:** Use only as indicated.

- **AQUA-RIGHT® 7** is for use with those agricultural remedies that require a neutral environment for optimal performance.
- Mix **AQUA-RIGHT® 7** with the spray tank water before adding any other agricultural remedies.

Application rate may be affected by water quality. It is advisable to routinely check the pH of the spray tank water before and after the incorporation of **AQUA-RIGHT® 7**.

<table>
<thead>
